Dear Parents

I hope you are all keeping well during this strangest of times and you're managing to keep safe and sane! I appreciate that this may be a really difficult time for some of you, as you try to juggle being a parent, a teacher, a carer and a whole host of other things on top! However, the most important thing, at the moment, is the health and wellbeing of you, your children and your family, so please don't put any more pressure on yourselves than you need to, worrying about whether or not your child is completing all the tasks set by their teachers!

These are unprecedented times and no one is expecting you to become your child's teacher for the next however many weeks or months. Do what you can to support them, but don't be too hard on yourselves or your children - if that means some days they don't do any school work that's fine. There are many more life skills to be learned apart from the ones that come from teachers!

All my staff are doing their best to provide lots of activities on Google Classrooms and are making calls to pupils they feel may need some reassurance during these unusual times, but we think it's important that the Easter holidays should be just that - a holiday! Therefore, we'll be giving your children (and you!) a rest from the pressures of homework for two weeks and we'll start again on Monday, 20th April.

If you have any problems logging in to Hwb, Google Classrooms, Mathletics or Giglets, please contact your child's class teacher or the school and we'll be pleased to help. Also, if you have any other questions, issues or queries you are more than welcome to drop me an email at the above address and I'll help wherever I can.

Finally, try to enjoy Easter as much as you can whilst staying safe and well.

My very best wishes to you all.

Jane Howells
